Douglassville Tex,
Sept. 24th, 1924,

Dear Cos. Jennie:

Received your home town paper with write up and picture of yourself. I appreciate same - for it shows that you know or believe - that I am interested in my folks - such a spirit is inherited I guess - for we were trained to family loyalty and were told of what our ancestors had done and that we must keep up the record of the family - A good way to keep the world grow

ing better ..

I also received same
Mail, a very interesting
letter from Ora Gregory
written for her mother
whom she ~~daily~~ is
very feeble and not
able to write - that she
has declined rapidly
since Floyd's sudden
death - I ~~will~~ write
to her at a very early
date - for I will
soon go to the M. M.
Hospital for two
weeks stay - And
after this hope I'll
never have to write

or speak the word "Operation" - and sleepy any one else to do so - ha. ha. I am so well, so strong for years to come that this physical disability - that Dr. Smith, feels sure of correcting seems in keeping with the irony of Fate that we often see in lives of some.

Congratulating you again and with love to all -

Sincerely Yours Cos.

Mary Greene Wilson

Get the booklet "Speaking of Operations" by Dennis Cobb and read it if you only to laugh It will take only about an hour to read it -
